

FAASTeam presents:

IMC Club of EAA 302 - Loss of Autopilot in the Soup

Scenario-based discussion about the best course of action if your auto-pilot fails while in IMC conditions.

What is the IMC Club?

IMC Club is the brain child of Radek Wyrzykowski; a Master Certified Flight Instructor, Instrument and Multi-Engine Instructor. As a flight instructor in Norwood, Massachusetts, Radek developed a volunteer mentor program to help instrument pilots improve their proficiency, and they loved it.

What is the purpose of IMC Club?

At IMC Club, our purpose is to promote instrument flying, proficiency and safety. Along with IFR flying and monthly local chapter meetings, we offer a resource-rich website which provides an electronic experience base.

Our intent is to create a community of pilots in order to share information, provide recognition, foster communications, promote safety and build proficiency in instrument flying. IMC Club chapters offer monthly meetings in which pilots can network and share knowledge and experiences.

Do you need to bring anything?

First, bring your thoughts or story and be willing to share them with the group. This meeting is very interactive. Participation by the group is a
