

FAASTeam presents:

# **Making Wrong a Little More Right - The Normalization of Deviance**

The subject is the Normalization of Deviance and how it can easily find its way into our daily operations for both general aviation and the airlines. Over time cutting corners can become "normal" and can eventually lead to a catastrophic disaster. In this seminar we will discuss the phenomenon and talk about ways to avoid falling into the trap of making wrong a little more right.

**Directions:** Fly-in visitors are welcome for the seminar. There is airplane parking on the West side of the airport by the restaurant.

Carls' BBQ is located on Weiser Airport. Nearest major intersection is Highway 290 and Telge Rd. Carl's BBQ is a few miles Southeast of that intersection.

Driving from Houston: Take 290 northwest bound. Take Huffmeister Exit and Carl's BBQ is on your right before reaching Telge.

Driving from Cypress: Take 290 southeast bound and exit Huffmeister and make a U-turn onto the 290 feeder Northwest bound. Carl's BBQ will be on your right before reaching Telge.
