

FAASTeam presents:

CFI/DPE Forum

This event is designed to give attendees a sense proper checklist usage as amplified by being in a large aircraft and a crew environment. Each person will have the opportunity to "fly" the FTD. What is an FTD you ask? It is a full simulator without visual and without motion; otherwise, it flies just like the real airplane.

This event is strictly limited to working CFIs. There will be no on-line sign up, and absolutely no walk-ins will be allowed. To register, send an email to "houstonfaasteam@gmail.com" with a picture of your pilot certificate AND a picture of your unexpired Flight Instructor Certificate attached.

There will actually be 4 two-hour events beginning at 1500. Please let us know whether you prefer earlier or later and any other requirements/requests that you might have. Absolutely NO +1s (no signing up yourself and your friend together), EVERYONE must register him/herself. There are only 24 slots in this event; only the first 24 QUALIFIED applicants can be accepted. You will be notified by email if we are able to place you into an empty slot.

Each event will include:

1. Checklist and mission briefing
2. One hour in the sim.
3. Tour of the facility
