

FAASTeam presents:

Non Towered Airport Operations - Hybrid

Pat Brown, DPE, Gold Seal CFII, Seaplane/Glider/CSIP and AOPA Ambassador, will discuss Non-Towered Airport Operations —For Free! This free course will fly you through the arrival and departure procedures from non towered airports and demonstrate how to use proper communication with situational awareness to enhance safety. You will learn or brush up on your radio communication, proper and improper terminology, pattern entry and exit, and much more. In addition to reviewing the required regulations, there will also be a discussion of common etiquette and techniques from an experienced aviator. Join us to learn more and fly safer!

Directions: Please come straight back when you walk through our front door. The classroom is about halfway down on the left side of our main hallway.

A message from the National FAASafety Team Manager
