

FAASTeam presents:

**Vertical Airspace and Collision Avoidance by Paul Craig -  
Author of The Killing Zone - Hybrid Event**

To register for this event, please **CLICK HERE** and you will receive **ZOOM** information to participate! Registration is **REQUIRED!** Paul Craig is the author of over a dozen aviation books and in partnership with United Flight Systems will be delivering a seminar on vertical airspace and collision avoidance. Paul will teach you how to think of airspace three-dimensionally and provide guidance on collision avoidance techniques. A range of air space topics will be covered including VFR and IFR rules, airspace types, special VFR, radio and transponder requirements, and a few airspace riddles. This seminar will be offered online only. For all who attend, you will have a chance to be entered to win an autographed copy of Paul's book *The Killing Zone*.

If you have never been introduced to Paul's work, check out his guest spot on our Podcast, *Behind the Prop* ([www.behindtheprop.com](http://www.behindtheprop.com)). Paul Craig, Special Guest on *Behind the Prop*

**Directions:** When you get to United Flight Systems we will be hosting this seminar/webinar in our classroom. Come in our front door, walk through pilot supplies and go about halfway down the hallway to see our classroom on the left side of the hallway.
