

# Your FAA Medical - Are You Legal to Fly? We Have Answers

Dr. Earl Martin, AME, will be presenting one of the most critical aspects of flying. Pilots already know they must have "all available information" before leaving the planet, and their health is certainly a huge factor. Here is your opportunity to make sure you are legal to fly, and if not, options on how to get that way. Join us in a relaxed setting and be prepared to learn. Bring questions! Refreshments provided.

**Directions:** First floor conference room in Galaxy FBO. Sign will say "IMC-VMC Club" meeting.
