

ATC and You- How It All Works

Discover how air traffic control orchestrates a flight from runway to touchdown with IAH Tower Air Traffic Controller Corey Soignet. Follow the coordinated roles of Tower, TRACON, and ARTCC as they exchange critical data, manage seamless handoffs, and guide aircraft through changing airspace. See how information flows between facilities, keeping each stage of the journey connected from departure to arrival.

[West Houston Airport](#) is located north of I-10 between Hwy 6 and Barker Cypress Road.

This event has 1.5 hours of instruction.
