

Did you see that Airplane?!?!

In this seminar we will be discussing safe operating procedures from an airfield that has a runway(s) that are sloped and create a hazard regarding line of sight. Mena Intermountain Muni (KMEZ) has RWY 09-27 has a grade of 0.5% up to the West and RWY 17-35 has a grade of 0.8% up to the South.

We will also have a presentation of a Wright Brother Award Winner for a local Mena pilot. Please join us in celebrating more that 50 Years of Aviation for this Airman.

Directions: Seminar will be located in the main building through the entrance to Mena Air Center.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
