

FAASTeam presents:

Did you see that?!?!?

In this presentation we will discuss Loss of Control Accidents and Recommendations from the Loss of Control Work Group. We will define and discuss stabilized approaches and go-arounds. Finally, we will give you some tips and tricks that will help you to avoid loss of control in any aircraft. We will also review aircraft operations at airports, specifically agricultural aircraft and what we should expect. We will discuss traffic pattern entries, how to exit the traffic pattern and recommended radio communications.

Directions: From Little Rock, Ar take I-40 toward Memphis. Take the AR-11/US-63 exit, EXIT193, toward Hazen/Des Arc. Turn right onto Highway 63 N/US-63 S/AR-11. Turn left onto E South Front St/US-70 E/US-63 S/AR-11. Turn slight right onto US-63 S/AR-11/State Highway 11. Continue to follow US-63 S/AR-11. Turn right onto County Road 435 (Airport Road). Coordinates are 34 36 01.944N 91 34 28.467W

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASafety Team) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
