

The Master of the Aircraft

Loss of control is one of the leading causes of aircraft accidents/incidents. Join us as FAASTeam Representative Jeremy Lashbrook, leads us through best practices for being the master of the aircraft. Jeremy is a certified flight instructor that has experience in a variety of aircraft, including fixed wing, helicopter, and conventional gear aircraft (tailwheel). This will be a great refresher discussion before we start this new flying season that is around the corner. Click the link below to register.

Directions: Top the Mains Cafe and Grill is in the same location as the former Flight Deck Restaurant. The meeting will be held in the main restaurant area as you enter the building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
