

Arkansas Agricultural Aviation Association Safety Seminar

Despite all of the changes in technology to improve flight safety, one factor remains the same: the human factor which leads to errors. It is estimated that approximately 80% of all aviation accidents are related to human factors. Join us as we share aviation experiences to help make better aeronautical decisions by learning from others.

Directions: From US-65S turn left onto Highway 165/US-165 N/AR-277, then turn right onto Belmont St.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
