

What Is That Ag Plane Doing?

Understanding what other aircraft in the airport traffic pattern are doing at a nontowered airport is critical. During this seminar we will review nontowered airport operations best practices and regulations. We will also discuss how aerial applicators and general aviation pilots coexist at a nontowered airport. Bring your questions and comments to help the discussion. Click the link below to register.

Directions: Safety meeting will be held at the Wings of Honor Museum located directly across from the airport terminal

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
