

## Birds at 12 O Clock!!!!

Bird strikes happen way to often. The Little Rock Flight Standards District Office from October 1, 2016 to September 30, 2017 received 44 bird strike reports. Those are just the ones that were reported. The outcome of a bird strike(s) can be and have been fatal. Join us for a great presentation conducted by military professionals from the Little Rock Air Force Base on bird mitigation and learn professional tips on how to hopefully avoid a bird strike. Click the link below to register.

**Directions:** Top the Mains Cafe and Grill is in the same location as the former Flight Deck Restaurant. The meeting will be held in the main restaurant area as you enter the building.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
