

FAA Safety Team presents:

CFI DPE Forum

Designated Pilot Examiner Rick D'Angelo will lead a discussion covering Airman Certification Standards. He will discuss the Designated Pilot Examiner Plan of Action and how it relates to the practical portion of the checkride. CFI's you don't want to miss this opportunity to meet with the DPE!

We will start the seminar with why CFIs should include Compliance Philosophy in student training? What about Risk Based Decision Making (RBDM) or Safety Management. All pilots are responsible for safety within the National Airspace System and to comply with FAA Regulations. The FAA depends on airmen to voluntarily comply with regulations and do their part to promote safety. Don't miss this opportunity to exchange techniques and ideas with other CFIs that may lead to new insights about the importance of teaching this important topic. Click on the link below and register TODAY!

Directions: Take I40 to exit 169
North 1/4 mile to Carson Bridge Rd
West 1/2 mile to Lingo Rd
North 1/2 mile to Centurion Place
1st drive on right
If you are flying in to 1AR9 the hangar is at the Southwest corner.
