

FAAS Team presents:

# Runway Incursions -- Made Easy

Runway incursions are easy -- so easy that "prepare to copy a phone number" may be our first clue we've successfully achieved one. Then comes the FAA, with one team to make sure the pilot learns from his/her mistakes, and another to see that others might benefit as well.

Come hear our Subject Matter Expert share about runway incursions, the FAA's remedial training (RT) program, and training resources available to keep you on your toe[brake]s during ground operations.

**Directions:** EAA 1156

Website Email: [eaachapter1156@gmail.com](mailto:eaachapter1156@gmail.com)

DRIVING:

From OZARK, drive south on Hwy 23 for 8.3 miles.

From CAULKSVILLE, drive north on Hwy 23 for 5.1 miles.

Once in Etna, turn east on Lanes Road for 200', then right onto Lanes Place to the EAA 1156 clubhouse.

Please stay on the road and do not drive on the runway.

FLYING: N 35 22.21 W 93 50.75 Elevation 460' 2100' Turf

Runway 9/27 CTAF 122.8 AIRNAV link and SKYVECTOR link
