

Notices To Airmen - A Better Understanding

Notices to Airmen (NOTAMs) are time-critical aeronautical information, either temporary in nature or not sufficiently known in advance to permit publication on aeronautical charts or in other operational publications. NOTAMs contain current notices to airmen that are considered essential to the safety of flight as well as supplemental data affecting other operational publications. Join us to learn more about why NOTAMs are issued, where to find NOTAMs, and how to better understand NOTAMs.

Directions: The meeting will be held in the main restaurant area as you enter the building.
