

Manned and Unmanned Airspace and UAS Safety Briefing

This briefing will cover the changing airspace in NWA, including expanding UAS/drone delivery areas, use of UAS/drones in aerial application and best practices arriving at Thaden Field or other area airports. As the airspace becomes more complex, manned and remote pilot should understand how to safely operate.

PLEASE Note: Before attending this event, please review and follow current CDC, State and Local Health Guidelines

Thaden Fieldhouse Hanger.
