

## CFI/DPE Forum

In this presentation we will discuss training events associated with multiengine training, to include risk management in the OEI and emergency portions of training and the practical exam. Multiengine training is a key step in the path of a career pilot and a sound foundation in safety and risk management is vital to a prosperous GA community.

You do not need to be a MEI to attend! Our discussions will touch on useful information for every CFI.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!

Meet with DPEs Nick Adcock and Adam Boyd at the Searcy Municipal Airport Conference Room
