

CFI/DPE Forum

In this presentation we'll discuss the training events that lead to the practical test.

We'll discuss evaluation of applicant knowledge, skill, and judgment as we concentrate on the last three hours in which our students demonstrate that they are ready to function as PICs.

Flight Instructors, Ground Instructors, Designated Pilot Examiners, and Instructors in training are welcome and encouraged to attend. Join your flight instructor colleagues and take an active role in improving safety in flight training! Click on the link below and register TODAY!
