

Pilot Controller Forum with LIT ATC Second Monday Aviation Safety Huddle at ORK

Event Details

Learn best practices for working with local ATC controllers before your next flight. Bring your questions and concerns. All pilots are welcome to this interactive event to increase airspace safety and efficiency! This is a great chance to hear directly from the tower that we work so closely with on a day-to-day basis, ask questions, and hear their perspective on how they manage air traffic around the airport and the traffic pattern. There will also be an opportunity to sign up for LIT tower tours following the meeting! We will start with a short local LIT ATC Runway Safety Action Team meeting.

EAA Chapter 165 Hangar at North Little Rock Airport. If you drive in, use gate 20 which is just a block south of the main airport entrance on Remount Road

Mon, May 11, 2026 at 18:00 CDT

EAA Chapter 165

8050 Remount Rd

North Little Rock, AR
