

Memphis Soaring Society Safety Meeting

Every year the Memphis Soaring Society hosts a Spring Safety Meeting to start the year off going in a great direction, this will also be an FAA Safety Seminar with WINGS Credit.

If you have never been around gliders and have an interest in learning more about becoming a soaring pilot, the MSS Safety Meeting is a great opportunity to further develop your passion for aviation.

If driving in pull into the driveway with the open yellow gate. The location can be found with a google search of Memphis Soaring Society.

If flying in, please clear the runway and park the aircraft in the vicinity of other aircraft parked aircraft. Please call before flying in to check grass runway condition.
