

Second Monday Aviation Safety Huddle at North Little Rock Airport ORK

As we enter into Spring and Summer, it is a great time to start thinking about how the weather changes with the seasons. This month, we will review weather changes and best practices for analyzing forecasts, making go/no-go decisions, and managing weather while in flight. We will also take time for you to share your weather story so everyone learns from your experience.

EAA Chapter 165 Hangar at North Little Rock Airport. If you drive in, use gate 20 which is just a block south of the main airport entrance on Remount Road
