

2026 LIT FSDO Annual Representative Training

This event will feature award presentations and a series of aviation safety briefings and discussions for the aviation community. Topics include an NTSB presentation on current safety recommendations and aircraft accident review; a discussion of human factors in the medical and aviation industries; an engine borescope briefing; and a session examining whether general aviation is facing a maintenance crisis. Additional presentations will address drone-related issues, review Arkansas accidents, incidents, and occurrences, and provide an overview of the roles, responsibilities, and essential information for FAASTeam Representatives.
