

Don't Stick Your Leg in a Bag of Snakes

Although the VFR to IFR event does not account for a great number of accidents, the accidents that do happen as a result are the most deadly. This program will discuss some methods you can use to help avoid that situation and some to help you survive in case you do not avoid it. Attendance at this seminar will meet one of the requirements for the FAA WINGS Program.

Directions: Come in the bank and follow the signs to the meeting room.

A message from the National FAASTeam Manager

Over 136,600 pilots earned WINGS credits last year. Will you, this year?

Sign up for the FAA's safety services at www.FAASafety.gov!
