

2015 NWS Lubbock Aviation Weather Safety Workshop

In the spirit of promoting aviation safety through weather knowledge, the National Weather Service in Lubbock is pleased to announce our fifth annual aviation weather workshop. An evening of informative and relative presentations will help increase your awareness and knowledge of aviation-specific weather hazards and techniques. Tours of the Lubbock forecast office will be available after the presentations to US citizens. Foreign nationals are also welcome to attend the tour, but will need to arrange for proper clearance by January 8th.

Directions: To be held in the Science Stage on the south side of the Science Spectrum Museum on Texas Loop 289 in South Lubbock between Indiana and University Ave. Park on south side of building off 74th Street. Coords 33.527762 N 101.876610 W

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
Sign up for the FAA's safety services at www.FAASafety.gov!
