

Wichita Falls FAASTeam presents:

Monthly Safety Meeting

Be honest -- when was the last time you consulted a take-off, climb, or landing performance chart? Yep, that's what we thought -- so H.P. Schuele (District FAASTeam Representative of the Year (2015), Retired German Air Force Pilot and currently a CFII and USAF Flight Simulator Instructor) developed a presentation on that very subject entitled "Performance Charts -- They're Not Just for Check-Ride Prep." He has developed it to help everyone (whether VFR, IFR, single-engine, or multi-engine) better read, interpret, and understand these all-too-little referenced documents. Wings credit will be awarded to attendees.

Directions: Drive to 1801 9th St, Wichita Falls.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
