

Wichita Falls FAASTeam presents:

Monthly Safety Meeting

What do airplane accidents and airplane maintenance have in common? A whole lot according to Jim McElvain (District FAASTeam Representative of the year (2014), Retired FAA Aviation Safety Inspector and currently a CFII and FAA Designated Pilot Examiner). To make his point, he has developed a presentation entitled "Them Old Bones is Gettin' Tired!" where he shows how "Accidents and Maintenance" are inextricably linked.

Directions: Drive to 1801 9th St, Wichita Falls.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
