

Wichita Falls FAASTeam presents:

## Monthly Safety Meeting

Many of us were blessed to hear John McMurray (FAASTeam Representative, retired Air Force pilot and Red Baron Aerobatic Team pilot, and current Sheppard AFB simulator instructor/CFII/MEII/CFIG) deliver his "Winds in Pictures" presentation in October. As a follow-on, he has prepared an even grander presentation (with more cartoons) entitled "Wind Shear and Turbulence" -- flight-conditions too few of us fully understand and truly know how to deal with. Wings credit will be awarded to attendees.

**Directions:** Drive to 1801 9th St, Wichita Falls.

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
