

Air Congestion in the Middle of Nowhere

The event starts with a fly-in breakfast. A briefing on local and regional maintenance concerns and the Altus AFB Safety Office will discuss local airspace issues. Then the Altus AFB Safety Office will provide transportation to the Air Force Base to give tours of the C-17 cargo aircraft and the KC-135 air refueler.

Directions: Take Hwy 283 North from Altus, OK. The Southwest technology center is located just south of the Altus Quartz Mountain Airport FBO. The event will be held in the Southwest Technology hangar. Enter through the front door. Or if you fly-in: Park on the ramp and it is the hangar just south of the FBO.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
