

Whoop Whoop Pull Up

Presentation will discuss Controlled Flight into Terrain (CFIT) Accidents and provide recommendations from the General Aviation (GA) Joint Steering Committee, a work group that studies GA Accidents. Topics include Safety Risk Management Processes and Technological solutions to CFIT challenges. Maintenance and inspection tips and tricks.

Directions: Take Hwy 283 North from Altus, OK. The Southwest technology center is located just south of the Altus Quartz Mountain Airport FBO. The event will be held in the Southwest Technology hangar. Enter through the front door. Or if you fly-in: Park on the ramp and it is the hangar just south of the FBO.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.
