

Wichita Falls FAAS Team presents:

Monthly Safety Meeting

Have you ever noticed that when flying similar aircraft some little differences if not addressed correctly can cause big problems? Gabriele Pizzuti (FAASTeam Representative, ATP, CFII & MEII, Retired ITAF pilot and Sheppard AFB instructor pilot, and now Assistant Chief Instructor at Aerospace Next) learned this lesson the hard way and has prepared a presentation on the best (FAA approved) method to prevent these big problems. Wings credit will be awarded to attendees.

Please remember to wear a mask when entering Jason's Deli. Masks will not be required in the back dining room but social-distancing rules must be adhered to.

Directions: Drive to 2907 Garnett Ave, Wichita Falls, TX

A message from the National FAASTeam Manager
