

Lubbock FSDO presents:

Monthly Safety Meeting

We love to fly our airplanes. At any given time, every pilot likes to pull the airplane out of the hangar and fly. But what do we do? Probably, we fly around town or some familiar places we like. Same thing over and over. If you would like to fly with a purpose, hone your flying skills and provide help for others in need, then there are several, not for profit organizations, that would like your help. H.-P Schuele, Angel Flight Mission Pilot and volunteer, has prepared a presentation to show you the purpose of Angel Flight missions, pilot requirements, scheduling, flight planning and and how execution takes place.

Wings credit will be awarded to attendees.

Directions: Drive to 2907 Garnett Ave (located in Parker Square)

A message from the National FAASafety Team Manager
