

Monthly Safety Meeting

The Controller. We, as pilots, know a lot about flying an airplane in VFR or IMC conditions. We talk to them, but do we really understand the training they have to go through and their responsibilities. Sheppard AFB provides Controller training. SSgt Keels is directly involved in their training and has prepared a presentation to provide some insight into what it takes to become a Controller.

WINGS credit will be awarded to attendees.

Drive to 2907 Garnett Ave.
