

Monthly Safety Meeting

While Sheppard Air Force Base is renowned for training NATO's fighter pilots, true military flight training begins at the foundational level. Right here at Kickapoo Downtown Airport (CWC), Aerospace N3xt conducts Initial Flight Training (IFT) for the United States Air Force.

Join us for an exclusive presentation led by Avery Cates, Assistant Chief Flight Instructor and Director of Operations at Aerospace N3xt. Avery will offer an inside look into the daily operations and rigorous syllabus of IFT, including a live demonstration of the daily morning briefing that sets the standard for student pilot success everywhere.

WINGS credit will be awarded to attendees.

Drive to 2907 Garnett Ave.

This is a two hour event.
