FAA Wings credit will be available for all three classes (**plus the flying**), and we will have personnel present with computers to help you register and receive credit for these classes.

Earn a set of wings during this weekend training; there will be three optional flying sessions. **Earning a set of wings is the equivalent of completing a Flight Review.**

**Rules for flying are:**

You must furnish your own aircraft, and be **Pilot in Command for all of the flying.**

I am asking for a \$100 dollar donation to be given to the collegiate instructors who will participate in the clinic.

Mail your check for \$100 dollars to Precision Flight LLC, 1711 East Hwy 152 Mustang, OK 73064. Receipt of your check will trigger the scheduling of an instructor for you. If you do not receive an acknowledgement of your payment by November 1st, please contact me.
