

# G1000 classroom & laboratory training

Southeastern Oklahoma State University is a not for profit, four year state college. Check out our aviation degree programs. This course has a cost. Laboratory work may be upgraded to flight time, at an additional cost.

Attendees are encouraged to upgrade to flying a G1000 equipped C172.

**Directions:** Southeastern Oklahoma State University Aviation Sciences Institute @ Durant Regional Airport (KDUA)

## A message from the National FAASTeam Manager

Over 10,150 AMTs earned an AMT Award last year. Will you, this year?

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
