

# IFR Departures for Part 91 (that's us) operators. Seminar 1 of 3 - UPDATED

This is the 1st of 3 seminars. This seminar was developed by local flight instructors, FAA flight Inspection personnel, Oklahoma TRACON , and FAA procedures development personnel. Seminar #2 will be held September 27, and seminar #3 on November 1st. Everyone is welcome, and an instrument rating is not required (you will be surprised at how much we have not been taught). We will also have a Generation 5 Cirrus with Garmin Perspective and a Civil Air Patrol C-182 with Garmin 1000 on display!

**Directions:** The seminar is at the new Southern Wings Hangar, north of NW 63rd & west off Rockwell Ave. It appears to set by itself. Ask Ground Control for Progressive taxi instructions to Southern Wings. We will have a FREE cookout after the two hour seminar.

## A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!
