

Visit the Wiley Post Airport Tower

This is a safety program to familiarize anyone who moves on or in the vicinity of an Airport (Tug operator, Pilot, front seat passenger, field operational personnel) with good operating practices.

Directions: This event will take place just after lunch as part of the Instrument Seminar being held at Southern Wings Aircraft Sales. We will then meet at the control tower where you can then be registered for credit.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
