

## Your fellow aviators need a little help

We will demonstrate how a FAASTeam Representative or interested applicant makes an application, and plans and executes a "SAFETY EVENT". We will go through the complete development process (including creating an event on the FAA Website), and securing an event location. **BRING YOUR LAPTOP!** New & seasoned volunteers are needed. Whether you want to present/host a seminar or help with the labor we need you and can show you how it all works in [faasafety.gov](http://faasafety.gov). We will also review the new Aviation Training Device rules, and offer a short flight (free).

**Directions:** Meeting will be held in the upstairs classroom. **BRING YOUR LAPTOP.**

### A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.  
Sign up for the FAA's safety services at [www.FAASafety.gov](http://www.FAASafety.gov)!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.

### Event Details

**Tue, Jan 13, 2015 - 18:30 CST**

**Precision Flight LLC**

1713 E. Hwy 152

Mustang, OK 73064
