

Sharing The Skies Safely - Aircraft and Drone Operations in Central Oklahoma

Come learn about the differences between hobbyist and commercial operations, Part 101 vs Part 107. Hear from Tinker AFB on considerations of flying near Tinker and military installations. Rose State will be providing an update on the future of their Unmanned Aerial Systems/Engineering curriculum. Join in the conversation with pilots from news, law enforcement, medevac, and balloonists in the segment called "It Matters To Me" regarding their concerns and perspective flying low altitude and sharing that regime with sUAS and drone operators.

Directions: The presentation will be in the Lecture Hall west of College Ave and adjacent to the Learning Resource Center. Please reference the campus map. The Lecture Hall is labeled "6."

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!
