

## Skiatook Flying Club Meeting

FAASTeam Topic of the Month.

We've all heard that a good landing is the result of a good approach. And a stabilized approach is a good one. Airlines rely on them, so should General Aviation.

**Directions:** The meeting will be held in the Airport lounge. In light of the CoVid19 pandemic we will all be wearing masks. Let's be safe in our meetings as well as our flying. Skiatook now has a security gate; the code is the published CTAF (four numbers).
