

## Skiatook Flying Club Meeting

There has been a rash of midair collisions lately. While there are no clear-cut patterns to examine, there are things we can do to reduce the risk of participating in an unplanned extraterrestrial meeting.

**Directions:** The meeting will be held in the Airport lounge. Skiatook has a security gate; the code is the published CTAF (four numbers).

\*Prior to attending a safety seminar please review and abide by current CDC, State and Local health guidelines.
