

Topic of the Month PreFlight in a Box

PreFlight in a Box was designed to:

- Reinforce how a CFIs should be teaching preflight to their students
- Cover common errors and best practices
- Allow the attendees to perform a preflight with CFI guidance.
- Requires attendees to report their findings
- Supports interaction with local Maintainers, CFIs and Students
- The Program, held on an airport, includes group instruction and an “in person, hands on, pre-flight exercise”
- It provides access to actual aircraft
- The experience usually takes 2:00 to 2:30 Hours to complete.
- And participants can pre-flight “solo” or with a fellow pilot.

FAA safety Meeting tonight at Chickasha Municipal Airport terminal bldg. If you drive, park in the short term parking next to the green terminal building.

Walk through gate in the NW corner of parking lot.

For those that attend in person, we will have some water bottles about 6 pm and a meeting at 6:30.
