

San Antonio FAAS Team presents:

Engine Controls Pilot and AMT Perspectives

Engine Controls are critical to safe flight, let's do our part to make sure its done correctly. A few accidents caused by improper maintenance of engine controls will be discussed. A very short video of an improperly installed control is shown. A brief review of safetying methods will also be presented.

Directions: Be sure to use your FAAsafety.gov email address when registering, to get WINGS or AMT credit!

You are invited to a Zoom meeting.

When: Jun 21, 2021 06:00 PM Central Time (US and Canada)
