

San Antonio FAAS Team presents:

Topic-of-the-Month Regulatory Roadblock Reduction

TODAY IS THE DAY! Sign Up and Join the Conversation

Everyone knows it is HARD to add new equipment to your Standard Airworthiness aircraft. To a degree, that is intentional - SAFETY requires a high standard. The General Aviation nation, with a loud and clear voice, expressed a desire to ease and streamline this process to get better equipment to the field faster, to enhance safety, to reduce the cost of certification, which in turn drives the bottom-line cost to the owner-operator.

The FAA heard that voice and has made some progress. Let's talk about it.

You are invited to a Zoom meeting.

When: Jun 8, 2021 18:00 Central Time (US and Canada)

Register in advance for this meeting:

https://faavideo.zoomgov.com/meeting/register/vJlscuyorjzpEx9jpxFPhma7ZfQQ2uu_Mxg

After registering, you will receive a confirmation email containing information about joining the meeting.

When you sign in - Use your WINGS associated email address to earn WINGS Credit.

Directions: The General Aviation Joint Steering Committee (GAJSC) is a public-private partnership working to improve general aviation safety. The GAJSC uses a data-driven, consensus-based approach to analyze aviation safety data and develop risk reduction efforts.

The GAJSC selects subjects based on an analysis of accident and incident data that shows a commonality of risks nationally. The GAJSC's goal is to reduce the GA fatal accident rate.

These subjects are presented as the Topic-of-the-Month. Join us!!!
