

San Antonio FAAS Team presents:

VMC Meeting Chapter 958 - There is Snow Everywhere

It snowed the previous day and you want to get out and fly to look at the pristine white coverage. You did checks NOTAMs, right? All of a sudden every airport you are going to has no cleared runways.

Please adhere to all state and local health guidelines.

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips. Through the FAA Safety Program, aviation professionals provide informative WINGS presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting. For more information and to take part in this event, click the link below and register TODAY!

Have you ever asked yourself, how can I keep my skills as sharp as they were when I received my certificate and have fun at the same time? Lets look at ways we can keep our flying skills up to par and more importantly have some fun while doing it. Training and fun, not often known as
