

New Braunfels VMC Club Meeting - Edge of the Envelope

You are enrolled in a mountain flying course and the planned training flight is going to be great.

You have landed at Leadville and the takeoff is well planned. During the actual takeoff, it is not going well. What do you do next?

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education and believes that we develop safety and proficiency through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations.

You do not have to be an instrument rated pilot to attend. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting.
