

New Braunfels IMC Club Meeting - When it Rains it Pours

The flight is going well, you have flown many miles above the clouds but now ATC has other plans and you are in IMC and no way to see the thunder boomers out there. What should you do and how to avoid this situation in the first place.

EAA/IMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building instrument flying knowledge and skills. The program's network promotes a safety culture through continued education and develops safety through education and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations.

You do not have to be an instrument rated pilot to attend. Membership in the EAA/IMC Club is encouraged but not required to participate in this meeting.

Event Details

Thu, May 8, 2025 at 18:30 CDT

New Braunfels National Airport

2333 FM 758

Terminal Building Conference Room

New Braunfels, TX

**Contact: Terry Ross, ATP, CFI-I,
aircraft owner**

210-885-2927
