

New Braunfels VMC Club Meeting - Flying in the Dark

The plan is to depart late at night and fly some friends across a few states. You are departing from an airport in a valley surrounded by mountainous terrain and need to ensure your plan gives you adequate terrain clearance. Right after liftoff you lose your PFD and MFD from your well equipped aircraft. What now?

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education through safety and proficiency and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting.
