

New Braunfels VMC Club Meeting - Gear Gone Awry

The flight is a short one and you and a partner are going for the \$100 dollar hamburger (probably more in today's dollars). You are on downwind and put the gear down but the familiar green light does not come on and you don't hear the reassuring gear noise. What do you do now?

EAA/VMC Club, through the EAA's global Chapter structure, provides organized "hangar flying" focused on building flying knowledge and skills. The program's network promotes a safety culture through continued education through safety and proficiency and real life experience. Monthly meetings offer an opportunity to share in-flight experiences and valuable safety tips.

Through the FAA Safety Program, aviation professionals provide informative **WINGS** presentations. Membership in the EAA/VMC Club is encouraged but not required to participate in this meeting.
